## Trainer Profile

All AFA MSP® trainers have undergone the rigorous approvals process administered by the APM Group on behalf of the Office of Government Commerce (OGC). They are practising programme managers with considerable experience in a wide range of industry sectors. The use of hybrid trainer-managers is of great benefit to delegates and ensures that illustrations and anecdotes have up-to-date validity and that the training given, whilst being true to the syllabus, is also pragmatic.

## Duration

This course takes place over four days. The Foundation exam is taken during the afternoon of day three and the Practitioner exam is taken during the afternoon of day four. A Foundation pass is a pre-requisite for sitting the Practitioner examination. Evening consolidation and preparation work is required in order to gain maximum benefit from the course.

## Why AFA?

AFA was established fifteen years ago as a management consultancy organisation. In 1996 AFA became one of the original group of PRINCE2® Accredited Training Organisations under the scheme administered by APM Group on behalf of the Office of Government Commerce. AFA quickly established a reputation for being able to deliver training courses that combine excellent exam pass rates with realistic and practical guidance ensuring maximum skills transfer.

AFA's ethos is to work with client organisations, retaining existing robust processes and further developing them in line with Best Practice guidance. Training events are often tailored to suit the current level of understanding within an organisation; a pathway of progression can be offered to allow understanding and skills to develop and grow.
